### Information to Claim an Affordability Exemption - Your Health Idaho (click "Enable Editing" at Top)

In order to find out if you qualify for an affordability exemption, you will need to complete IRS Form 8965. To do that, you will need to know the premiums of two health plans available to your family in 2016: (1) the lowest cost Bronze plan, and (2) the second lowest cost Silver plan (SLCSP). This tool will ask you a few questions about you and your family members and, based on the information you provide, calculate both sets of numbers you need to claim the affordability exemption. Please refer to the IRS Form 8965 Instructions for how to use these numbers in completing that form.

To use this tool you will need the following information: (a) the primary zip code and county where family members lived during 2016, (b) the age of each family member *on January 1, 2016*, and (c) the tobacco use of each family member during 2016 (note: tobacco use may impact the resulting Bronze plan premium, but will not affect the SLCSP premium).
