INTRODUCTION AND BACKGROUND

BACKGROUND

The Idaho Health Insurance Exchange doing business as Your Health Idaho (“YHI”) is seeking qualified and experienced respondents (“Respondents”) to submit a written response (“Proposal”) to this Request for Proposals (“RFP”) to provide Security Assessment Report (“SAR”) services (“Services”) to conduct a MARS-E (NIST 800-53 Rev 4) Assessment, which follows the Framework for Independent Assessment of Security Controls (see Appendix A) issued by the U.S. Department of Health and Human Services Centers for Medicare and Medicaid Services (“CMS”). This RFP process is intended to solicit binding proposals from Respondents who have demonstrated an interest in the Services and have been determined to be qualified to perform the work. This RFP process is expected to rapidly result in the selection by YHI of a Respondent to provide the Services and upon execution of the Contract Confirmation attached as Appendix B by both parties, to result in a binding agreement between YHI and a Respondent (that Respondent is the “SAR Vendor”).

On March 23, 2010, the President signed into law the Patient Protection and Affordable Care Act (“PPACA”). On March 30, 2010, the Health Care and Education Reconciliation Act of 2010 was signed into law. These laws, collectively referred to as the Affordable Care Act, include laws designed to expand coverage, to provide more health care choices, to enhance the quality of care for all Americans, to hold companies more accountable, and to lower health care costs. Among these provisions is the opportunity for each state to establish an American Health Benefit Exchange (“Exchange”) by January 1, 2014, that would 1) facilitate the purchase of qualified health plans; 2) provide for the establishment of a Small Business Health Options Program (“SHOP Exchange”) designed to assist qualified employers in facilitating the enrollment of their employees in qualified health plans offered in the SHOP Exchange; and 3) meet other requirements specified in PPACA.

Idaho received a Federal grant to begin establishment activities for an Idaho Health Benefit Exchange (hereafter the Idaho Health Insurance Exchange).

An independent Board representing key stakeholders has been appointed by the Governor of the State of Idaho, and has approved the creation of YHI to oversee the implementation and ongoing operations of the Idaho Health Insurance Exchange for insurance policies effective January 1, 2015.

The mission of YHI is to establish the Idaho Health Insurance Exchange: a new online marketplace for Idaho where individuals and small businesses can search for, compare and make an informed decision about the health insurance coverage that is best for them and their families leading to a significant number of newly insured Idahoans. Additionally, YHI will provide individuals and small businesses access to tools, easy to understand information and expert resources that will empower them to use YHI to protect their long-term economic interests, the wellbeing of their families and in the case of businesses, their employees. Determination of APTC (Advanced Premium Tax

Credits) is performed by the Idaho Department of Health and Welfare (DHW)—DHW has its own SAR and that is outside the scope of this SAR, except for the logical access servers for the Idaho Health Insurance Exchange, hosted by DHW.

YHI awarded the design, development, implementation and ongoing provision of the software system comprising the Idaho Health Insurance Exchange to Vimo, Inc., dba Getinsured.com (“GetInsured”). The system to be provided by GetInsured and the procedures, processes and operations of the Idaho Health Insurance Exchange based on that system comprise the scope of Services. YHI engaged First Data Government Solutions, Inc. (“First Data”) to provide independent verification and validation services to YHI for the initial 18 months. Services may require coordination between designed YHI personnel, GetInsured, DHW, and First Data.

YHI received a SAR in October 2014 based on MARS-E v1.0, as a part of YHI’s Authority to Connect (ATC) package in order to obtain an ATO (Authority to Operate). YHI seeks respondents to perform SAR Services for MARS-E v2.0.

STATEMENT OF WORK (SOW)

This Section sets forth the scope of Services to be provided. Proposals may include additional Services as long as the cost for such additional Services is separately presented.

The SAR Vendor will supply a MARS-E v2.0 (NIST 800-53 Rev 4) Security Assessment Report (SAR) for YHI meeting all CMS requirements; we require a two-phased approach to meeting this SAR.

Phase One

YHI seeks to test 2/3 of the MARS-E v.2.0 controls, specifically inclusive of **all** new v2.0 controls, in March 2016.

Phase Two

The remaining 1/3 of the MARS-E v2.0 controls will be tested in March 2017. A SAR covering Phase One and Phase Two is the primary deliverable, coupled with suggested POA&M lint items.

YHI solely seeks Respondents interested in bidding on both phases of the work, as both are required for our ATC renewal package.

Timing

Phase One

The timeline for this project is expected to commence on March 21, 2016 and continue no more than 4 weeks (to allow YHI and GetInsured time for remediation, if necessary), but additional time may be required to address CMS or YHI requirements, and the Proposal must include a commitment to support YHI at least through June 30, 2016, for required Services, should YHI need a follow up assessment to remediate findings.

Phase Two

The timeline for this project is expected to commence on March 20, 2017 and continue no more than 4 weeks (to allow YHI and GetInsured time for remediation if necessary), but additional time may be required to address CMS or YHI requirements, and the Proposal must include a commitment to support YHI at least through June 30, 2017, should YHI need a follow up assessment to remediate findings.

In order to meet CMS requirements, the Proposal should include the following schedule:

Phase One

March 21, 2016 – Kick Off Meeting

March 28, 2016– Fieldwork at GetInsured (and limited DHW procedures) commences

April 22 – Draft POA&M (Plan of Actions and Milestones, a CMS-required form for findings) due to YHI

NOTE: Potential findings must be vetted with YHI weekly during each phase of the assessment, in a weekly meeting established by the SAR vendor.

Phase Two

March 20, 2017 – Kick Off Meeting

March 27, 2017 – Fieldwork at GetInsured (and limited DHW procedures, if necessary)

April 21, 2017 – Draft SAR and POA&M findings due to YHI

May 16, 2017 – Final SAR and POA&M findings due to YHI

NOTE: Potential findings must be vetted with YHI weekly during each phase of the assessment, in a weekly meeting established by the SAR vendor.

May – June, 2017 – YHI reserves the right to require additional Services to assist in its efforts to meet CMS security assessment report requirements, should YHI need follow up validation from the SAR Vendor validate remediated findings during or just after fieldwork.

The scope includes (number of servers may fluctuate depending on timing of procedures):

*SSAE16 Type II SOC1, SOC2 (Security and Availability only), and SOC3 may be available from Rackspace

Services include all project governance for the performance of Services, including overall project management for the completion of the SAR, with all decisions subject to YHI approval. The SAR Vendor is not authorized to act on behalf of or commit YHI, but will manage the process to meet the deadlines of YHI and CMS.

The Services include the following:

1. The Services must adhere to version MARS-E V2.0 NIST Special publications 800-53 Rev 4 and 800-37. (Note: NIST 800-53A not in scope).
2. YHI is categorized under the moderate severity control baseline.

3. During Phase One, 2/3 of the MARS-E v2.0 controls must be assessed. Of these 2/3, the SAR vendor must test all new or modified controls (from MARS-E v1.0 to v2.0)—to be clear, the 2/3 must include a delta assessment of all new or modified controls in v2.0.
4. During Phase Two, the remaining 1/3 of the MARS-E v2.0 controls must be assessed. YHI expects all MARS-E v2.0 controls to be tested between Phase One and Phase Two, in order that the SAR Vendor may issue a SAR in Q2 of 2017.
5. Controls are categorized as Technical, Operational, and Administrative. These controls span 26 Control Families (Ex. Access Control – AC, Contingency Planning – CP, etc.). Please see Appendix A for more details.
6. Disaster Recovery sites are part of the scope of this project.
7. Implementation responsibilities span all project work streams. Communication and coordination with the work stream leads designated by YHI will be necessary. Security control implementation details are contained in the System Security Plan (SSP) which will be provided after award.
8. Judgmental sampling is acceptable and anticipated where appropriate, and each Proposal must include if and where the Proposal proposes to use this technique. In cases where a sample-based approach is utilized, YHI would expect 10% sampling or a minimum of 5 and maximum of 25 for each system component where applicable.
9. This SAR is based on assessment of controls. Security testing and verification details are included in Appendix A, and Services include all services and activities to meet Appendix A.

DELIVERABLES

The following Deliverables are required for each phase (unless otherwise noted), and the Proposal may include additional proposed Deliverables:

Deliverable #	Deliverable Name	Description
1	Assessment Preparation	Develop, review, and approve a plan to assess the security controls. See Appendix A for details, including an initial request list one week prior to the Kick Off.
2	Security Assessment	Assess the security controls in accordance with the assessment procedures defined in the security assessment plan. (See Appendix A for details)
3	Security Assessment Report (Phase Two only)	Prepare the security assessment report documenting the issues, findings, and recommendations from the security assessment. (See Appendix A for details)
4	Remediation Recommendations – POA&M report	Describe initial remediation actions on security controls based on the findings and recommendations of the security assessment report. Work with YHI to document the initial finding and YHI’s remediation actions and timeframes in the Plan of Actions and Milestone report (PO&AMs). (See Appendix A for details)
5	Weekly Status Reports	Provide a weekly status report, which includes ongoing assessment findings by severity rating. This report may feed into a weekly status meeting with YHI, GetInsured, the SAR Vendor, and any other stakeholders that YHI sees fit to include. (See Appendix A for details)

For violation of this provision, YHI reserves the right to reject any Proposal.

Disposition of Proposals

All Proposals received by YHI shall upon receipt become and remain the property of YHI. YHI shall have the right to use all concepts contained in any Proposal and this right will not affect the solicitation or rejection of any Proposal.

Release of Claims

By submitting a Proposal, the Respondent agrees that it will not bring any claim or cause of action against YHI based on: 1) any misunderstanding concerning the information provided herein; 2) concerning YHI's failure, negligent or otherwise, to provide the Respondent with pertinent information as intended by this RFP; or 3) YHI's decision to select a different party as the SAR Vendor.

Subcontractors

In the event a Proposal is submitted that involves more than one organization, one organization shall be designated as the Respondent. All other participants shall be designated as subcontractors. All subcontractors shall be identified by name and for each proposed subcontractor, background information along with a description of the functions or tasks the subcontractor(s) would perform under this RFP must be included consistent with instructions found elsewhere in this RFP. The Respondent shall be wholly responsible for the entire performance whether or not subcontractors are used. The project leader (Project Manager) shall be an employee of the Respondent and meet all the relevant requirements.

The Respondent must acknowledge a binding agreement between the Respondent and any subcontractors has been executed. YHI reserves the right to review any subcontracting agreements.

A Respondent may submit an amended Proposal before the submission deadline for Proposals. Such amended Proposal must be a complete replacement for a previously submitted Proposal and must be clearly identified as such in the Transmittal Letter of the amended Proposal. YHI will not merge, collate, or assemble Proposal materials.

Unless requested by YHI, no other amendments, revisions, or alterations to Proposals will be accepted after the submission deadline for Proposals, except as stated in this RFP or any amendment thereto.

Cancellation of the RFP

The RFP may be cancelled and any or all Proposals may be rejected in whole or in part, when it is determined to be in the best interest of the YHI or the State of Idaho. Acceptance of Proposals

All Proposals properly submitted will be accepted by YHI. However, YHI reserves the right to request amendments from a Respondent, reject any or all Proposals received, or cancel this RFP, according to the best interests of YHI and the residents of the state of Idaho.

YHI also reserves the right to waive minor irregularities in Proposals, providing such action is in the best interest of YHI or the State of Idaho. In the event YHI waives any minor irregularity in any Proposal, such waiver shall in no way modify the requirements of this RFP or excuse the Respondent from full compliance with the specifications of this RFP nor excuse the SAR Vendor from any contract requirement. At the discretion of YHI, YHI may contact the Respondent to clarify irregularities or provide missing requirements. The Respondent is required to submit clarifications or missing requirements with a turnaround time to be determined by YHI.

YHI reserves the right to exclude any and all non-responsive Proposals from any consideration under this RFP.

Proposal Opening and Inspection

During the Proposal evaluation and award recommendation period, Proposals shall not be available for inspection. Proposals shall not be opened publicly, but shall be opened in the presence of two or more individuals selected by YHI. The register of Proposals and Proposals shall be open to public inspection after a SAR Vendor has been selected.

Proposals that are submitted in a timely manner and meet the mandatory submittal requirements of this RFP will be reviewed and evaluated in accordance with this RFP.

By responding to this RFP, each Respondent acknowledges that YHI is working under significant time constraints and may or may not have the resources to provide a full and complete evaluation of every proposal received in response to this RFP. In that regard, YHI reserves the right, if deemed necessary and in its sole discretion, to conduct an initial review of all Proposals for the purpose of establishing a list of qualified semi-finalists. The initial review will be based on factors that are consistent with

the evaluation criteria outlined below. In such an event, YHI will then move forward with a complete evaluation of those proposals. YHI will not be obligated to disclose the list of semi-finalists to any Respondent.

A Proposal Review Team will be charged with evaluating proposals based on the criteria set forth below. During the evaluation process, YHI may contact a Respondent for the purpose of obtaining clarification of its Proposal. YHI may, at its discretion, select finalists to provide a presentation to the Proposal Review Team either in person or remotely.

Award

Notification of intended contract award, if any, shall be provided to the selected Respondent on or about the date specified in this RFP. Such notification shall be subsequently confirmed in writing. The contract award is subject to availability of funding. Until YHI returns a countersigned Contract Confirmation and Independent Contractor Services Agreement, there is no binding agreement and YHI retains the freedom to determine how to proceed, notwithstanding any notification of intended contract award it may have provided.

Neither YHI nor the State of Idaho are liable for any work, costs, expenses, loss of profits, or any damages whatsoever incurred by the SAR Vendor prior to the official starting date, and contract work prior to this date may result in no payment. YHI reserves the right to modify this policy; any modification will be made in a written statement and signed by both YHI and the SAR Vendor.

Contract Negotiation Process

Upon completion of the evaluation process, YHI may select one Respondent to be the SAR Vendor, based on the evaluation findings and other criteria deemed relevant for ensuring that the decision is in the best interest of YHI and the State of Idaho. In the event that for any reason YHI does not complete the contract with the selected Respondent within three (3) days of such selection, YHI reserves the option of negotiating with another Respondent.

Protest Policy and Procedures

Respondents who submit Proposals in response to this RFP may protest the award of the contract resulting from this RFP. A Notice of Intent to Protest must be made in writing to YHI, attention chief information officer, and must be received no later than two (2) working days from the notice of non-award. If no such Notice of Intent to Protest is timely filed, the Respondent forgoes its ability to pursue a protest.

A Protest Notification must be made in writing to the Issuing Officer and must be received no later than five (5) working days from the notice of non-award. The Protest Notification must contain specific grounds for the protest. Supporting documentation must be included with the protest. A protest must state all grounds upon which the protesting party asserts that the solicitation or award

was improper. Issues not raised by the protesting party in the protest are deemed waived. A protest that is incomplete or not submitted within the prescribed time limits will be summarily dismissed.

Only the following are acceptable grounds for protest:

- Failure to follow YHI procedures established in this RFP or YHI rules of procurement
- Errors in computing scores which contributed to the incorrect selection of a Respondent
- Bias, discrimination, or conflict of interest on the part of an evaluator

For clarification, but without any limitation, the following are not acceptable grounds for protest:

- Evaluator qualifications to serve on the Proposal Review Team
- The professional judgment of the Proposal Review Team
- YHI's assessment of its own needs regarding the RFP

EVALUATION FACTORS FOR AWARD

The successful Respondent will be required to pass a background check conducted by YHI, if requested. YHI also reserves the right to obtain and consider information from other sources concerning a Respondent, such as the Respondent's capability and performance under other contracts.

Each Proposal is required to include a signed Contract Confirmation in the form attached as Appendix B and signed copies of the independent contractor agreement attached as Appendix C and the Rackspace nondisclosure agreement attached as Appendix D. Each Proposal may propose changes to the independent contractor agreement by submitting a signed copy marking the changes made and including an editable and unlocked Word version also marking such changes. Respondents are encouraged to make few or no changes, as the extent of changes will be a significant factor in determining the successful Respondent.

Each Proposal must include a minimum of one reference with contact information for each reference. The Proposal should describe how Respondent would initially engage with YHI and its stakeholders to organize and perform this work.

The Services will comply with all applicable rules, standards and specifications of the State of Idaho, the federal government and other regulatory agencies. The successful Respondent to this RFP must be licensed, if applicable, qualified, and must have the demonstrated ability to provide similar services for other projects similar in size and complexity to the solutions project.

As much as is practical and to the extent allowed by Idaho and federal law, YHI requests that Respondents team with companies that have a significant presence in Idaho.
